

Surrogate Compensation, Monthly Allowance & Benefits

Becoming a surrogate is an extraordinary act of kindness. At Grace LLC, we deeply appreciate this generosity and are dedicated to making sure you are well-compensated, cared for, and supported throughout this journey. Joining the Grace family means embarking on a life-changing path with a team that values and supports you every step of the way.

1. How Much Do Surrogates Make? Understanding Your Compensation

Surrogate Base Compensation

Surrogacy is not just a commitment, but a deeply personal journey that changes lives. At Grace LLC, we recognize this with a compensation package that respects your dedication. Typically, our surrogates receive a base compensation ranging from \$50,000 to \$75,000+, with additional benefits amounting to around \$6,000.

- **First-time Surrogates:** For those new to surrogacy, the base compensation starts at \$50,000, with additional fees totaling \$56,900.
- **Experienced Surrogates:** With each subsequent journey, your compensation increases by approximately \$10,000, acknowledging your valuable experience.

This progressive compensation structure is our way of honoring your invaluable contribution to the lives of others.

2. Monthly Allowance: A Unique Benefit from Surrogacy Grace

At Grace LLC, we recognize the day-to-day commitment involved in being a surrogate. To support you in this journey, we offer a Monthly Allowance - a benefit that sets us apart as the #1 surrogacy agency in United States. This allowance is designed to cover various expenses, ensuring your comfort and convenience throughout the pregnancy.
